Subject: Wal-Mart animal care cost

Gentlemen, Good news, Wal-Mart has notified us today that they will be giving a two (2.0) cents adjustment in your egg prices to adjust for the additional cost associated with the animal care program. The increase should start with next weeks pricing assuming all the pricing changes are updated and in place by then, hopefully Wal-Mart will get this done. We trust you apprecciate the work that has gone into helping get this accomplished. We are pleased to help you our associates gain improvements where we can. We are looking forward to a profitable 2003 for the egg industry.
Sincerely, Bill
